

Musikode Productions
Sound/Multimedia Tech Rider

Sound and Multimedia equipment needs for The Red Hot Rhythm Rustlers concert performance:

Concert:

- 2 - mic stands for vocalists
- 2 - vocal mics wired or wireless*
- 2 - wireless headset mics (if headsets are not available, 2 additional vocal mics – wired or wireless – and 2 boom stands are needed)
- 2 - additional xlr inputs
- 1 - additional mic, cable and stand for the bass amp
- 2 - monitors (minimum)

If Phantom Power available, artist may choose to bring/use own vocal mics

If artist's sound system is used, a power source that will handle a mixer and three amps is required.

***Note:** When the **Silver Screen Cowboy Project Show "LIVE"** is the scheduled show, the following items are also needed:

- A 3rd vocal mic (wired or wireless) will be needed on stage
- LCD projector connected to Computer that is PowerPoint enabled
- Vocal mic headset or connection capability for narrator's headset
- Single or multiple viewing screen(s) for projection of multimedia presentation – size to be commensurate with room, viewable by audience and not blocked by presence of artists on stage

Adjustments and substitutions are negotiable. It is our goal to work with the venue to provide the best possible entertainment experience for the audience.
